

CLASS DESCRIPTION

BoXing – learn the basics of boxing drills in a small group session utilising gloves & focus mitts, with intervals of bodyweight exercises in a 30 minute express format designed to burn fat fast!

CoreX – an express blast to get your core really sore. Strengthen your abs, glutes & thighs, and develop a strong mid-section in a minimal amount of time.

Cycle/RPM – Burn calories, build lean muscle definition and improve your cardio, endurance and aerobic fitness. Just a few benefits that you will experience as a result of attending indoor cycling classes. Low impact to the joints while burning max calories and boosted cardiovascular fitness. Suitable for all levels of fitness, you control the resistance on your bike.

Fit&Well – a low impact and low intensity, introductory class for beginners, seniors, or those who are recovering from an injury or medical condition in a fun, relaxed format.

HI CIRCUIT (High Intensity Circuit) – improve muscle strength and cardiovascular fitness with dynamic movements, resistance and heart pumping cardio drills. Your training threshold will be tested with minimal rest and maximum effort! Over time you'll experience different types of circuit training in a fun group setting.

Les Mills BODYCOMBAT™ – is a high-energy martial arts-inspired workout that is totally non-contact and no complex moves to master. Punch and kick your way to fitness and burn calories with no experience needed. Release stress, have a blast and feel like a champ.

Les Mills BODYPUMP™ – the original Les Mills barbell class that will sculpt, tone and strengthen the entire body. Individual choice of weights and high repetition movements inspire participants to burn fat, gain strength, build lean muscle and get results, fast!

Mobility – combine exercises that increase the range of motion, stabilisation, and control within your joints and surrounding muscles. Mobility training focuses on exercises and movements that prioritise flexibility, balance, and strength that are fundamental to daily life.

Pilates – Designed to lengthen and strengthen the body through a series of floor based exercises, breathing patterns and use of props. Targets the deep postural muscles of the core and designed to strengthen and enhance muscular control, and improve posture.

Les Mills Virtual – is a cinematic version of our live LM classes (offering many more LM programs) when there are no live classes on the timetable at times suitable to member's schedule or lifestyle. Designed for members who cannot get access to our live classes or who want a taste of LM classes before participating in a live class with an instructor.

X-treme – a high intensity small group training session designed to work on strength, agility, speed and power to enhance overall performance and burn fat. Suitable for all fitness levels and a guaranteed heart pumper.

Yoga – increase your mobility and flexibility with gentle stretches, postures and poses. Yoga also increases muscle strength, builds stamina and lengthens the entire body. For those looking for more than just a physical workout, this is a great way to connect your mind and body.

ZUMBA® – aerobic dancing that combines Latin and International music with a fun and effective workout.

ZUMBA GOLD® – the easy-to-follow program that lets you move to the beat at your own speed. It's a community oriented dance-fitness class that is fun and will make you feel invigorated!
